American Stock Transfer & Trust Company Hires Robert M. Carney, Sr. to Manage its Transfer Agent Products

NEW YORK--([BUSINESS WIRE](#))--American Stock Transfer & Trust Company, LLC (AST) announced today that Robert M. Carney, Sr. has joined its senior management team as Executive Vice President of Product Management.

"Having Bob on our team represents a real coup," said Mark Healy, President and CEO of AST. "His knowledge of the transfer agency industry gives us a huge competitive advantage going forward in how we position Corporate Actions, Annual Meeting and our core transfer agency products and services."

"I believe that AST is uniquely positioned to be the dominant player in this industry," said Carney. "Once I met with AST's senior managers, I was sold on coming on board and being a part of this dynamic team."

Carney joins AST after 30 years tenure with Mellon Investor Services prior to and after its merger with The Bank of New York. While there he managed product development, marketing, management, operations and technology investments for its Shareholder Services group, and was instrumental in merging each company's Stock Transfer business units.

Carney is a member of the Shareholder Services Association, Unclaimed Property Liaison Group and has twice served both on the board and as Vice President of the Stock Transfer Association. He is a summa cum laude graduate of Saint Peter's College with a BS in Business Management and a MBA in International Business.

AST services over 2,800 public companies and maintains shareholders' records for approximately 6,000 issues. AST is part of a global network of transfer agent and employee plan providers known as the LINK Group.

AST provides comprehensive stock transfer solutions including dividend disbursing, dividend reinvestment plans, restricted stock plans, stock option and employee stock purchase plan administration, proxy services, closed-end fund services and all types of corporate actions. Debt services include escrow agent, corporate trustee, and investment management services. All aspects of service, including investor relations, reconciliation, print and mail functions are housed in one location, owned by AST.
