Chris Terenzi Joins American Stock Transfer & Trust Company

NEW YORK--([BUSINESS WIRE](#))--American Stock Transfer & Trust Company, LLC (AST) announced today Chris Terenzi has joined its senior management team as Executive Vice President for Asset Management. One of his key initiatives will be to develop and roll out AST's Share BuyBack Program.

"The Share BuyBack Program complements the suite of services we offer our clients," said Mark Healy, President and CEO of AST. "We identified Chris as the right person to implement this type of service given his wide-ranging experience in financial operations."

"When a transfer agent can provide the level of service this buy back program represents, corporations recognize a tremendous benefit," said Terenzi. "As the economy rebounds, more and more of our clients will be in a position to buy back their shares. AST will be there to help."

Terenzi joins AST with over 25 years experience in asset management and operations. The former head of short term trading for Toronto Dominion Securities, LLC, he developed and managed an operations group to respond to the requirements of the Glass Steagall Act, as well as handling risk management, managing trading revenue investment, balance sheet management. Prior to joining TD, he managed Swiss Bank's Finance Desk, which he grew to \$16 billion in investments.

A member of the Bond Market Association, Terenzi also earned FINRA's series 24, 7 and 63 licenses. He holds a BS and a MBA from the University of Denver.

AST services over 2,800 public companies and maintains shareholders' records for approximately 6,000 issues. AST is part of a global network of transfer agent and employee plan providers known as the LINK Group.

AST provides comprehensive stock transfer solutions including dividend disbursing, dividend reinvestment plans, restricted stock plans, stock option and employee stock purchase plan administration, proxy services, closed-end fund services and all types of corporate actions. Debt services include escrow agent, corporate trustee, and investment management services. All aspects of service, including investor relations, reconciliation, print and mail functions are housed in one location, owned by AST.
